Founder of Kairo Éditions and VAYLIO, I design digital products and AI solutions, from SaaS to automation for professionals. I have also launched a free AI training platform in three languages. Alongside this, I work on customer relations and the digital presence of an Abeille Assurances agency.

PROFESSIONAL EXPERIENCE

Founder · VAYLIO · **vaylio.fr** 11/2026 – present

- Building custom AI agents for professionals: finding information in emails and documents, drafting replies and meeting notes.
- Automating recurring tasks and integrating them with everyday tools as needed; designing and launching the vaylio.fr website.

Founder and product developer · Kairo Éditions · **kairoeditions.com** 05/2026 – present

- Built a SaaS that turns each person's goals, profile and schedule into a personalised, practical action plan.
- Daily AI coach that guides actions, tracks progress and adapts the plan to the unexpected; iOS app in beta.
- Defined the offers and led acquisition: SEO, social media, video content.

Business & Digital Development (work-study) · Abeille Assurances · Cabinet DEFACTO 10/2025 – present

- Organised an event for around 100 attendees in October 2026, focused on savings and retirement.
- Developed the agency's digital presence: website, blog, LinkedIn and communication campaigns.

Entrepreneurial project · B&T Réparation 2024 – 03/2025

- Computer and mobile repair, B2B prospecting and customer relations with individuals.
